GENERAL INFORMATION

Asbestos Inspection

All buildings of Eufaula Public Schools were inspected for asbestos-containing building materials. A report of this inspection, laboratory analysis of the samples, and other pertinent data are included in the AHERA Management plan. A copy of the AHERA Management Plan for each organizational unit is on file in the Office of the Principal of that unit, and the master AHERA Management Plan is on file in the Office of the Superintendent. These AHERA Management Plans are available for the public to review upon request to the building principal or superintendent. These documents are made available to enable the public to determine if the AHERA Management Plan has been satisfactorily implemented. Eufaula Middle School is an asbestos free building.

Counselors

Counselors are available to answer questions about enrollment, course content, activities, graduation requirements, and college entry requirements. Students and parents are encouraged to visit with the counselors about any problem causing students difficulty with schoolwork. Counselors have reference sources and materials available that may help students find answers to a variety of problems.

FERPA—Family Educational Rights under FERPA for Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. They are:

- The right to inspect and review the student's educational records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record's they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- The right to request the amendment of the student's education record that the parent or eligible student believes are inaccurate or misleading or otherwise in violation of the student's privacy rights.

Parents or eligible students may ask the district to amend a record they believe is inaccurate or misleading or otherwise in violation of the student's privacy rights. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading or otherwise in violation of the student's privacy rights.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. The Eufaula Public School District proposes to designate the following personally identifiable information contained in a student's education record as "directory information" and it will disclose that information without prior written consent. (As permitted by P.L. 99-31):

1. The student's name
2. The student's grade level (i.e., kindergarten or tenth)
3. The student's participation in officially recognized extracurricular activities
4. The student's achievement awards and honors
5. The student's weight and height, if a member of an athletic team
6. The student's photograph

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the Eufaula Public School District will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

NOTE: FERPA requires a school district to state in its annual notification that it intends to forward records on request.

The right to file a complaint with United States Department of Education concerning alleged failures by the district to comply with requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, United State Department of Education, 600 Independence Avenue, SW, Washington, D.C. 20202-4605.

Within the first three weeks of each school year, the Eufaula School District will publish in the Indian Journal the above list, or a revised list, of items it proposes as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or eligible student at the time of enrollment. After the parent or eligible student has been notified, they will have two (2) weeks to advise the school district in writing (a letter to the school superintendent's office) of their desire for the directory information not to be released.

Handbook Committee Review

The student handbook is reviewed annually by the handbook committee. The handbook committee is made up of teachers from Eufaula Middle School, community members, counselors, principals and dorm representatives. Recommendations are made for change or continuance of policy.

Legal Notice

The Eufaula School District hereby agrees that it will comply with Title IX, VI, and Sec. 504 of the Education Amendments of 1972, which states that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving Federal Financial Assistance. The Eufaula District I-1 is an Equal Opportunity Employer. It is, therefore, the non-discriminatory policy of the Eufaula Independent School District No. 1, to provide equal opportunities without regard to race, color, national origin, sex, age, qualified handicap, or veteran in its educational programs and activities. This includes, but is not limited to, admissions to all general educational classes, advanced courses, and all vocational educational classes, as well as any educational service, financial aid, and employment. Inquiries concerning application of this policy may be referred to the Special Services Coordinator, phone (918) 689-3938.

Student Immunizations

State Statute 1210.191 (70 § 1991) as amended, states "No minor child shall be admitted to any public, private, or parochial school operating in this state unless such child presents to the appropriate school authorities certification from a licensed physician, or authorized representative of the State Department of Public Health that such child has received or is in the process of receiving immunizations against diphtheria, pertussis, tetanus, measles (rubeola-rubella), mumps, polio, varicella, Hepatitis A, and Hepatitis B, or is likely to be immune as a result of the disease."

It shall be the policy of Eufaula Schools, therefore, that parents or guardians of all children entering Eufaula Public Schools present a certificate of required immunization upon school entry or present evidence that the immunization process is in progress. The law provides three kinds of exemptions to these immunizations. These exemptions are:

1. Medical Contradictions: A signed statement, using ODH Form 216-A from a licensed physician, stating that the immunization would endanger the life or health of the child
2. Religious Objection: A signed statement, using ODH Form 216-A from the parent or guardian, stating immunizations are contrary to the teachings of their religion
3. Parental Objection: A signed statement, using ODH Form 216-A from a parent or guardian objecting to the required immunizations on philosophical grounds
4. According to this legislation, it is the duty of the school authorities to enforce this law by admitting only those students who have completed all immunizations required or are in the process of completing them. Failure of school officials to adhere to this law constitutes a misdemeanor and is punishable by law. No grace period. (83-84)

New Vaccine Requirement for 7th Graders this Fall

Students entering seventh grade this fall 2011 and beyond are required to have one dose of Tdap (tetanus, diphtheria, and acellular pertussis vaccine) before the start of the 2011-12 school year or a parental request for exemption. This vaccine provides a booster dose of pertussis (for whooping cough) along with the tetanus and diphtheria booster (Td) and is recommended for children at 11- to 12-years-old. There is no grace period allowed for complying with this requirement except with military children from another state, who have 30 days from the date of enrollment to be immunized. For more information visit the Oklahoma State Department of Health's website www.ok.gov/health or contact your health care provider or the county health department in your area. For More Information, Contact: the Oklahoma State Department of Health, (405) 271-5600, or 1-800-522-0203

ATTENDANCE POLICIES

Absences

Students are encouraged not to miss school unless it is absolutely necessary. Students who wish to leave school during the day must secure permission from the principal's office. The school discourages any absence except for personal illness, illness in the family requiring the student to remain home, death in the family, or a dental or medical appointment. Special situations may be excused by the principal on a case-by-case basis, if brought to the principal's attention prior to the absence.

There are three kinds of absences:

Absences fall under the same homework make up policy. The only exception to this would be made for verifiable lengthy health issues of a serious nature or any other absence that does not clearly fall within the guidelines established for extended absences.

1. **Medical / Bereavement Absence** to be considered as a **Medical/Bereavement** Absences a doctors note or Funeral program must be turned into the MS office within five days starting the day of return from the absences. Medical/ Bereavement absences will not count against the students seven day semester total if proper documentation is provided within the allotted time.
2. **School Activity Absences** are those caused by participation in an authorized school activity. This kind of absence is not shown on the attendance registrar.
3. **Special circumstances can be approved by the principal.**

Attendance/Activity Participation

Students must attend school full-time on the day of an activity in order to be eligible to participate. Exceptions can be made for doctor's appointments, funerals, and other emergencies approved in advance by the principal.

Attendance Policy

In order to receive credit, a student must be in attendance and absent less than **seven days** per semester in any course in which the student is enrolled. Attendance begins with the first day of class at Eufaula Schools.

A student who misses more than five (5) times in a nine-week period will receive an "I" (Incomplete). If the student does not surpass the 7- absence limit by the end of the semester, then the student will receive the grade earned during the nine weeks, and it will be figured toward the semester grade.

Students with health problems that cause lengthy or excessive absences from school must have their parents meet with the principal to determine what arrangements may be made to best serve the student. A lengthy illness is defined as more than five (5) consecutive days. To receive an excused tardy or absence for physician appointments, confirmation will be needed for the time missed, by a receipt or appointment notice from the physician **within 5 days of the absence**.

Students will be expected to turn in work on the day of return if it was assigned previous to the excused absence.

Parents or students may request work assignments on the days absent by calling the Middle School Office before 9:00 AM on the day of the absence (s). Assignments will be gathered and available for pickup in the Middle School Office after 2:00 PM that same day. Call in assignment requests after 9:00 AM will not be guaranteed to be ready for pickup by 2:00 PM that school day.

Exceptions can be made for verifiable lengthy illnesses of a serious nature, and when the student is hospitalized or under doctor's orders to remain at home. A lengthy illness shall be five or more consecutive absences; however, a combination of excuses due to illness, truancy, parental excuse, or excused absence may result in failure.

It is the parent or guardian's responsibility to notify the middle school principal's office by 9:00 AM on the day the student is absent and provide a reason for the absence.

The principal will be responsible for notifying teachers when this policy is to apply to a particular student, and it will not be enforced without proper notification and approval from the principal.

Driver's Exam Absences

Students will be excused a maximum of two (2) times to take driver license examination. Proof of examination will need to be furnished to the admit writer in order to secure an excused absence. These days count toward the total allowed activity absence of ten.

Make-Up Work

1. Students are required to complete and turn in all work missed as the result of any absence. It is the student's responsibility to ask each teacher for make-up assignments the first day they return to school, and to do that at an appropriate time so as not to disrupt class.
2. Students have day for day to do and turn in the make-up work. They are responsible for turning it in on time. If they do not the work will be considered late work.
3. Students participating in School Activities are required to obtain the assignments before the day of the activity and the work will be expected to be complete and turned in the day of their return.

Late Work

1. Students are expected to turn work in on time. If a student fails to turn work in when it is due for any reason, they will get one (1) extra day.
2. If after one (1) extra day the work is still not turned in, the grade for that work will be entered as a permanent zero in the teacher's grade book.
3. It will be up to the individual teacher to determine if and how a student can make up the zero. Each teacher will post their policy on this matter on their teacher web page as well as include it on their class syllabus.

Middle School Students may obtain homework from the district website at eufaula.k12.ok.us. Once there, select **school sites**. Select **Eufaula Middle School**. Select **Faculty** tab and all subject areas will appear. Click the **desired subject**. The names of faculty members who teach that subject will appear. Click your **teacher's name** to access their home page. You may access homework assignments by clicking the **homework assignments** tab. Type the word **student** for the username and type **ems** for the password.

Ten Day Activity Absence

Every effort will be made to limit activities during academic time to three absences per organization or team per year. Extra effort will be used in developing extracurricular activity schedules so that they will occur outside of the academic day. Special effort will be made to avoid scheduling any activity during the school day on Tuesdays, Wednesdays, or Thursdays.

No student may miss more than ten (10) days in a given year for school activities. The student and sponsors are responsible for planning absences.

in order that a student will not use their allotment and then miss activities. State competition events earned by competing for the right to participate do not count in the ten absences.

Tuancy

Any student who leaves school without permission, or who is absent without the parent's knowledge and approval, is considered truant and will be subject to disciplinary action and time missed will be made up at the principal's discretion.

Withdrawal procedures

A parent or guardian must sign a withdrawal form from the counselor's office on the morning of the last full day of attendance. The student is responsible for all assigned teachers to sign the withdrawal form, turn in textbooks to each teacher, and return the completed form to the counselor's office at the end of the school day. All fines, fees, and debt, including lost textbook costs, must be paid before withdrawal may be complete or release of records made.

ACADEMIC INFORMATION

Examinations:

Nine weeks tests will count no more than two regular test grades. Semester tests will count no more than 10% of total semester grade.

Semester tests must be taken when scheduled by the administration, unless approved by the principal. Students who miss semester tests must make arrangements to take them within two (2) days of the end of the pertinent semester. The principal may grant an exception for extenuating circumstances.

Grading

All grades will be a running grade beginning the first day of the semester and ending the last day of the semester. Grades will be entered into the teacher's grade book as numerical values. The following conversion table will be used:

Grade and Numerical Average: **A** 90-100 **B** 80- 89 **C** 70-79 **D** 60-69 **F** Below 60

Course credit: an NCA (No Credit Attendance) will receive the same weight as a grade letter 'F' when figuring the GPA of a student. An NC (No Credit) will be used to designate classes where a student works as an aide, or given

receive credit due to transfer. The NC will not be figured into the GPA.

Honor Roll

Superintendent Honor Roll and Principal Honor Roll will be recognized at the end of each semester. In order for a student to be named to the Superintendent's Honor Roll, a letter grade of "A" in every course must be earned. In order for a student to be named to the Principal's Honor Roll, no grade below a "B" must be earned.

Major Assignment Hand-In Policy

Major assignments will be any assignment that is valued at 300 or more points or is equivalent to three (3) or more tests.

When there is a question whether an assignment falls into this category, a ruling by the instructor should be sought from the principal prior to the assignment being made. An assignment will be accepted late for grading, but will be penalized 15% of the total points possible for the assignment for each day late, up to five (5) days. The twenty-four (24) hours that constitute a day will begin when the papers are collected from the other students in the class. If a student is absent on the day an assignment is due, the assignment will be accepted for grading without penalty when the student returns, if the student has an excused absence. If the student has an unexcused absence, the paper will be considered late. The office may contact the student and go to the student's residence to get a major assignment due on the day of an absence.

Proficiency Promotion

During the week preceding the start of class and the week following the close of class, students have the opportunity to earn credit by proficiency testing. A student may earn and receive credit in any core course by taking a proficiency test and scoring 60% or better. Hazing/Bullying - Prohibition of Harassment, Intimidation, and Bullying

The Eufaula Public School District is committed to a safe and civil educational environment for all students, employees, volunteer and patrons, free from harassment, intimidation or bullying. "Harassment, intimidation or bullying" means any intentional written, verbal, or physical act, when the intentional written, verbal, or physical act:

1. Physically harms a student or damages the student's property; or
2. Has the effect of substantially interfering with a student's education; or
3. Is severe, persistent, or pervasive that it creates an intimidating or threatening educational environment;
4. Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this policy requires the affected student to possess a characteristic that is a perceived basis for the harassment, intimidation, or bullying, or other distinguishing characteristic.

Harassment, intimidation or bullying can take many forms including: slurs, rumors, jokes, innuendo's, demeaning comments, drawing cartoons, pranks, gestures, physical attacks, threats, teasing, taunting or other written, oral, electronic devices or physical actions. "Intentional acts" refers to the individual's choice to engage in the act rather than the ultimate impact of the action(s).

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the education environment. Many behaviors that do not rise to the level of harassment, intimidation, or bullying may still be prohibited by other district policies or building, classroom, or program rules.

Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator and remediate the impact on the victim. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the violation. False reports or retaliation for harassment, intimidation or bullying also constitutes violations of this policy.

The superintendent is authorized to direct the development and implementation of procedures addressing the elements of this policy, consistent with the complaint and investigation components of procedure followed for Sexual Harassment.

Prohibition of Harassment, Intimidation, and Bullying

Informal Complaint Process: Anyone may use informal procedures to report and resolve complaints of harassment, intimidation, or bullying. At the building level, programs may be established for receiving anonymous complaints. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complaints to an appropriate staff member who can explain the informal and formal complaint process and what a complaint can expect. Staff members are required to inform the building principal or designated staff person when they receive complaints or witness harassment, intimidation, or bullying.

Informal remedies include an opportunity for the complainant(s) to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator in a building reviewing the district harassment, intimidation and bullying policy without identifying the complainant, parent, guardian, or because the district believes the complaint needs to be more thoroughly investigated.

Formal Complaint Process: Anyone may initiate a formal complaint of harassment, intimidation or bullying, even if the informal complaint process is being utilized. Complainant(s) may not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. Efforts should be made to increase the confidence and trust of the person making the complaint. The district will fully implement the anti-retaliation provisions of this policy to protect complainant(s) and witness(es). Student complainants and witnesses may have a parent or trusted adult with them, if requested, during any district initiated investigatory activities. The superintendent or building principal may conclude that the district need to conduct an investigation based on information in their possession regardless of the complainant's interest in filing a formal complaint.

The following process shall be followed:

1. All formal complaints shall be in writing. Informal complaints shall set forth the specific acts; conditions or circumstances alleged to have occurred that might constitute harassment, intimidation or bullying. The Superintendent or principal may draft a written complaint based on the verbal report of the complainant, for the complainant to review and sign.
2. Regardless of the complainant's interest in filing a formal complaint, the principal may conclude that the district needs to draft a formal complaint based on the information in the officer's possession.
3. The principal shall investigate all informal, formal and written complaints of harassment, intimidation or bullying, and other information in the compliance officer's possession that the officer believes requires further investigation.
4. When the investigation is completed the principal shall compile a full written report of the complaint and the result of the investigation. If the matter has not been resolved to the complainant's satisfaction, the superintendent shall take further action on the report.
5. The superintendent or designee, who is not the building principal, shall respond in writing to the complainant and the accused within thirty days, stating:
 - a. that the district intends to take corrective action; or
 - b. that the investigation is incomplete to date and will be continuing; or
 - c. that the district does not have adequate evidence to conclude that bullying, harassment or intimidation occurred.
6. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty days after the superintendent's written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.

Students will be provided with age-appropriate information on the recognition and prevention harassment, intimidation or bullying, and their rights and responsibilities under this and other district policies and rule at student orientation sessions and on other appropriate occasions, which may include parents. Parents shall be provided with copies of this policy and procedure and appropriate materials on the recognition and prevention of harassment, intimidation and bullying.

1. Classes are scheduled as a group throughout the year for information skills and research project assignments; however, students may visit the media center to return books during these scheduled classes.

6. The media center is automated, providing an on-line card catalog for patrons to search for books and other materials by subject, author, title, and keyword.
7. The media center provides access to the internet and online magazine databases in meeting the student's research project and information access needs.

This policy provides tools and guidelines for the media specialist to use in selecting books, magazines, and software. The policy is available at each site and at the Board of Education office.

Upon written notification from the parent or guardian, the principal and/or the principal's designee may administer prescriptive or non-prescriptive medications. Upon the administration of medicine, the following shall be recorded:

- Name of student taking the medication
- Date the medication was taken
- Name of school employee administering medication
- Type or name of the medication administered
- Students requiring an inhaler must provide principal's office with a copy of the doctor's prescription. Students who meet this requirement may keep the inhaler in their possession and self-administer when needed. It is also recommended that the school be provided an extra inhaler for emergency situations.

These records are kept as part of a student's permanent record. Students should not be in possession of medication or give medication to fellow students. The only time medication should be taken is in accordance with the above-mentioned procedures. (Board policy JGC and OS 70 Sec. 1-116.2 and Sec. 170.1)

It is, therefore, required that a copy of all publications and/or petitions be presented to the principal prior to circulation. If the principal determines the material is likely to cause a disruption, the principal may deny the distribution or circulation of petition.

Policy on Promotion/Retention and Pass/Failure of a Course

The Eufaula Public School Board of Education, having determined that a need exists for a uniform policy governing the circumstances and considerations to be weighed in determining whether to promote a student to the next grade or retain him or her in the same grade for an additional year, has established the following policy to govern this question. The purpose of this policy is to promote or retain students in the school district, and to establish a uniform procedure to be followed in cases where retention is appropriate. This policy also establishes an appeal procedure by which parents may challenge the decision to retain a student at his/her present grade level or to fail a student in a particular course.

As used in this policy, "promote" or "promotion" means to place a student who has successfully completed the requirements of a particular grade level into the next higher grade level following the end of the school year and to record on the student's permanent record that he or she has successfully completed his or her current grade level. As used in this policy, "retain" or "retention" means to withhold a student from advancing into the next higher grade level following the end of the school year and to indicate on the student's permanent record that he or she has not successfully completed the requirements of his or her current grade level. Each school site will form a committee to review and make decisions regarding retention and promotion. The committee will be composed of a classroom teacher, a counselor when available the principal, and additional personnel who may be assigned by the principal or superintendent when appropriate. Supportive evidence must be presented to the student and parent or guardian regarding retention. This evidence must be based on:

1. Testing that actually covers the subject matter presented to the student
2. Assignments directly related to the subject matter being taught
3. Consideration will also be given to the student's level of maturity (physical, mental, emotional, and social) and to the student's attendance record, although these matters will not bear the same weight as stated above in items 1 and 2
4. The student and the parent or guardian must be made aware of the possibility of the student's impending retention or failing grade in a course.
5. Any student in danger of being retained or failing a course shall be notified prior to the end of the school

year that his or her performance is insufficient, and the student's parents or guardian will be mailed a written notice. School staff will make every effort to help the student improve his or her academic standing.

Promotion will be determined by successfully completed units of instruction to be established by the Board of Education, the superintendent, and the relevant principal. Any parent may request reconsideration of a retention decision or a decision not to pass a student in a course by taking these steps:

First Level of Appeal: The parent may request review of the initial decision by letter to the building principal. If no request is received within five (5) days of the parent's receipt of written notification of the initial decision, the initial decision will be final and non-appealable.

Second Level of Appeal:

The parent may request review of the principal's decision by letter to the superintendent. If no request is received within five (5) days of the parent's receipt of the principal's written notification, the principal's decision will be final and non-appealable.

Final Level of Appeal: The parent or guardian may request review of the superintendent's decision by letter to the superintendent or the Clerk of the Board of Education. If no request is received within five (5) days of the parent's receipt of the superintendent's written notification of his or her decision, the superintendent's decision will be final. The parent or guardian will be notified in writing of the date, time, and place of the School Board meeting at which time the decision will be reviewed. If a parent or guardian disagrees with the Board's decision, he or she may prepare a written statement stating the reasons for disagreement. That statement will be placed in and become a part of the student's permanent cumulative record.

Reporting Substance Abuse

The Board recognizes the complexity of problems that may be associated with student substance abuse. The concern is for the well-being and best interest of the students. Therefore, the following procedure will be utilized by teachers and administrators in reporting students who appear to be under the influence, as defined by law, of low-point beer, alcoholic beverages, or controlled dangerous substances.

Whenever possible, the teacher or administrator should attempt to obtain a corroborative observation from another teacher or administrator. The report of the teacher or administrator will state the date, time, and place of the incident. It will also describe the actions of the student or other circumstances from which the teacher or administrator concluded that the student appeared to be under the influence of low-point beer, alcoholic beverages, or controlled dangerous substances. The principal will immediately notify the superintendent or his/her designee of the report. The principal will also immediately notify the student's parent or legal guardian of the report. The notification to the student's parent or legal guardian may be verbal, but will be promptly confirmed in writing.

A copy of this policy will be delivered to each teacher and administrator of the district and filed with the State Superintendent of Public Instruction within ninety (90) days of its adoption by the Board of Education. (Adopted this fifth day of February, 1996)

Attendance

A student who has not attended classes ninety percent of the time for the semester becomes ineligible. If the student is ineligible because of late enrollment, the student must attend classes to regain eligibility the same number of days missed by late enrollment; otherwise, the student must attend a period of time equal to the number of days absent in excess of twenty percent for the semester.

In the event of late enrollment due to illness, injury or death in the immediate family during the first ten days of a semester, the principal shall determine if a student should be charged with late enrollment for eligibility purposes. Time of additional absences while regaining eligibility will be added to the time required to become eligible.

After a student regains eligibility and then is absent, his or her eligibility is determined by the percentage of attendance from the beginning of the semester, except that percentage of attendance for late enrollees, after becoming ineligible, shall be calculated from the date on which eligibility is regained.

School administrators are authorized to make an exception to this provision if the incomplete grade was caused by an unavoidable hardship. Examples of such hardships include illness, injury, death in the family, or natural disaster. Board policy allows a maximum of two weeks to apply to this exception. One summer school credit earned in an Oklahoma State Department of Education accredited program may be used to meet the requirements for the end of the spring semester. Schools may choose to run eligibility checks on any day of the week.

The period of ineligibility will always begin the Monday following the day eligibility is checked.

Special education students who are enrolled in special education classes and have an Individual Education Plan and have been certified by the principal as doing a quality of work, may, with the approval of the Board of Directors, be accepted as eligible under this rule.

4. Possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities.

Reports to the JSU, police, district attorney, and any other appropriate law enforcement agency will be made and charges filed. Disciplinary Action for Possession of Drugs or Alcohol (as defined by Oklahoma statutes)

If any middle school student is in possession of or under the influence of drugs or alcohol at school or during a school function, punishment will be to the fullest extent allowed by law which is up to two semesters. Student will be referred to JSU, police and any other appropriate agency.

Disciplinary Action with Intent to Distribute

Intent to distribute will be determined by the quantity of contraband in a student's possession. Generally, if a student has in his/her possession more contraband than that student could normally be expected to use, the intent to distribute will be assumed by the school.

The term contraband as used in this policy includes any dangerous or controlled substances as defined by Oklahoma statutes or alcoholic beverages of 2.0 alcoholic content or more.

The first offense for intent to distribute will be punishable by suspension from school for ninety (90) days or for the remainder of the current semester, whatever is greater, and the loss of all school credits being earned during the current semester and during the ensuing semester if the suspension carries over to the ensuing semester. The appellate procedures for this suspension will be the same as any other type of student suspension.

Disciplinary Code

The disciplinary policy is designed to correct the misconduct of individual students and to promote adherence by each student to the policies and regulations of the school district.

Eufaula Schools, in order to provide quality education for all of its students, will not tolerate disruptive acts that interfere with the tranquility of the school environment or the safety of its students. Furthermore, Eufaula Public Schools will not tolerate acts of vandalism to school property.

Before the district, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to the following: placement in an alternative school setting, reassignment to another classroom, in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out of school suspension.

Students identified as disabled under the Individuals With Disabilities Educational Act or Section 504 of the Rehabilitation Act of 1973 and who are suspended out-of-school or receive disciplinary removal from the classroom require additional procedural considerations.

Education Plan for Suspended Students

Students who receive out-of-school suspension will receive an education plan for core subjects in which the student is currently enrolled. The work will be consistent with P.A.S.S. objectives for successful completion of competency in the core areas. Assigned work must be completed and turned in upon return to school.

Gun - Free Student Suspension Policy

It is the policy of Eufaula School District that any student who is determined to have brought a weapon to school under the jurisdiction of the school district shall be suspended from school for a period of not less than one year. Any out-of-school suspension imposed under this policy may be modified for any student on a case-by-case basis by the chief administrative officer of the school district. For the purposes of this policy, the following definitions shall control:

The term weapon means a firearm as such term is defined in Section 921 of Title 18 of the United States Code. The term chief administrative officer means the Superintendent of Schools or the Board of Education of the school district.

The term determined to have brought a weapon to school under the jurisdiction of the school district means any student being in possession or control of a weapon on property owned, leased, or rented by the school district, including, but not limited to, school buildings, parking lots, and motor vehicles and any student who is in possession or control of a weapon at any school district sponsored function regardless whether such function is conducted on school property.

To the extent that this policy is inconsistent with any other policy of this school district, then this policy shall control.

Immediate Out-Of-School Suspension Without a pre Out-Of-School Suspension Conference

A student may be suspended out-of-school without the above pre out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, school employees, school property, or a continued substantial disruption of the educational process. In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

In-School Placement

Level I Alternative Education placement will be used as an alternative method of discipline for certain offenses at the discretion of the principal. When a student is placed in in-school placement, the student will:

1. Report to the Alternative Education room

- designee

 6. Not be allowed to attend or participate in extra-curricular activities as outlined by the rules of the activities association
 7. Defacing or damaging school property while in ISP may result in additional days of Level I or permanent placement, restitution and/or police intervention
 8. Any misbehavior, talking, or failure to do assigned work will result in strict disciplinary action, as this is an extra effort on the part of the school to have this type of alternative discipline.
 9. Failure to complete in-school placement or follow regulations of such will result in out-of-school suspension.
 10. In-school placement will be figured as out-of-school suspension when determining the progressive nature of a student's discipline record.

Students in ISP will receive credit for any work in the regular classroom completed, but students in OSS will not receive credit for any work during the duration of the suspension. Suspended students may not be on school property or attend school activities until readmitted to class.

NOTE: All suspensions, Level I, alternative in-school placements shall include forfeiture of the student's right and privileges as a student, including attendance and/or participation at any school-sponsored activity. The only appeal for disciplinary actions are those listed for short-term and long-term suspensions.

After School Placement

ASP is a tool to be used as a means to provide disciplinary action for minor offenses while at the same time keeping the student in the regular classroom. ASP will begin at a time designated by the principal. Parents/Caretakers will be responsible for picking their child up as soon as ASP is over each day.

Indecent Actions

Any acts, expressions, comments, or other actions, either written or expressed, that are considered indecent, threatening, and/or inappropriate, will be strictly forbidden. Students who violate this policy will be disciplined according to the nature of the infraction.

2. knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the school district's jurisdiction

The child's individualized education plan or accommodation plan team will identify the child's interim alternative educational setting. Any interim alternative educational setting in which the school district places the child will:

1. Be selected to enable the child to continue to participate in the general curriculum and to continue to receive the services and modifications, including those identified in the child's current I.E.P. or A.P. that will enable the child to meet his or her I.E.P. or A.P. goals; and
2. Includes services and modifications designed to address the behavior that led to the placement change so that the behavior does not recur. The school district will notify the child's parent of the disciplinary action and of all applicable procedural safeguards under state and federal law and school district policy as soon as possible after the decision to take disciplinary action is made.

Long-Term Out-of-School Suspensions in Excess of Ten Days

Right of Appeal

A parent or the student may appeal the out-of-school suspension decision of the principal to a committee of school persons and the Board of Education. At the student and/or parent or guardian's option, the appeal may be made directly to the Board of Education.

Method of Appeal to a Committee:

An appeal to a committee can be requested by letter to the superintendent, which must be received within two days after the principal's out-of-school decision is received by the student, or by his/her parent. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.

Upon receipt of the request, the superintendent shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee can be authorized. If the

superintendent determines that the period of out-of-school suspension is greater than ten school days, the procedures applicable to long-term out-of-school suspensions must be followed.

Out-of-school suspensions shall include an individualized plan for out-of-school suspensions that shall describe either a home-based schoolwork assignment setting or other appropriate work assignment setting. The plans shall be prepared by the principal with the assistance of other school employees as warranted by circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, science, social studies, and art requirements by the Oklahoma State Department of Education for high school graduation in grades 9-12.

A copy of the plan shall be provided to the student or parent/guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school.

Hearing the Appeal

The Superintendent of Schools shall appoint a review committee consisting of not less than three (3) school district employees who shall be certified administrators, counselors, and/or teachers, and shall designate a chairperson for the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours Monday through Friday.

Reasonable consideration will be given to accommodate the work schedule of the parent or guardian whenever possible. The student and his/ her parent or guardian will be notified in writing of the date, time, and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the hearing shall give the other party twenty-four hours advance notice of that decision.

The failure to give such notice shall preclude the party's right to have counsel attend the hearing. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The principal will briefly outline the student's conduct, read the policy, rule, or regulation which the student's conduct violated, and

present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.

At the conclusion of the presentation of evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall affirm or revoke the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal, and the Superintendent of Schools

When a committee hears an appeal for a long-term suspension, the student and parent or guardian may appeal an adverse decision to the Board of Education.

In no appeal is received within two calendar days after the committee's decision is received by the parent or student, the committee's out-of-school suspension decision will be final.

Method of Appeal to the Board of Education

An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education. If no appeal is received within two days after the decision of the committee is received by the parent or student, the decision of the committee will be final. A direct appeal to the Board of Education requires the student and parent or guardian to file the written request for appeal within two days of the principal's decision.

Hearing the Appeal

The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable. The parent and student will be notified in writing of the date, time, and place of the hearing. The parent or guardian and student will have the right to an 'open' or 'closed' hearing, at their option. Reasonable effort will be made to accommodate the work schedule of parents.

Out-Of-School Suspension

An Out-of-School suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten school days. A short-term out-of-school suspension shall be a period often or fewer school days.

In no event will an out-of-school suspension extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the school district's Gun Free

School policy. Out-of-school suspensions should have a definite commencement and ending date.

Out-of-school suspensions shall include an Individualized Plan of Education for out-of-school suspensions, which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The plan shall provide for the core units in which the student was enrolled. Core units shall consist of the minimum English, mathematics, science, social studies, and art units required by the Oklahoma State Department of Education for high school graduation in grades nine through twelve.

A copy of the plan shall be provided to the student or parent/guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into the school.

Pre-Out-Of-School Suspension Conferences

When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense as set out in Oklahoma Statute Title 57 and 571, the principal shall conduct an informal conference with the student.

At the conference with the student, the principal shall discuss the conduct of the student that was a violation of the policy, rule, or regulation. The student shall be given a full opportunity to explain and discuss his or her conduct. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.

The principal shall attempt to notify the parent by phone and will notify in writing that the student is being suspended out-of-school and that alternative in-school placement or other available options have been considered and rejected. Students shall not be dismissed before the end of the school day without advance notice to the parent unless their presence disrupts the safe environment of the school.

Process for Implementing a Long-Term Out-of-School Suspension or Disciplinary Removal

No more than ten days after taking disciplinary action for an out-of-school suspension or disciplinary removal of more than ten school days or when a series of short-term out-of-school suspensions or disciplinary removals exceeds ten school days during the school year, the school district will convene a meeting of the students I.E.P., or A.P. team.

The team will:

1. Conduct a functional behavioral assessment of the child and decide if a behavioral intervention plan is necessary, or
2. If the child already has a behavioral intervention plan, review and modify it, as necessary, to address the behavior, and
3. Make a manifestation determination, by reviewing the relationship between the child's disability and the behavior subject to disciplinary action.

Making a manifestation determination

If the I.E.P. or A.P. team determines the behavior subject to disciplinary action is a manifestation of the child's disability, then the school district cannot suspend the child out-of-school long-term or implement along-term disciplinary removal as discipline for the behavior. If the I.E.P. or A.P. team determines the behavior subject to disciplinary action is not a manifestation of the child's disability, then the school district may suspend the child out-of-school long-term or implement a long-term disciplinary removal as discipline for the behavior.

The I.E.P. or A.P. team may determine that the child's behavior was not a manifestation of his/her disability only if the team:

1. First considers as to the behavior subject to disciplinary action, all relevant information, including.
 - a. Evaluation and diagnostic results including results or other relevant information supplied by the child's parents
 - b. Observations of the child, and (3) The child's I.E.P. or A.P. placement

And then determines that:

- c. As to the behavior subject to disciplinary action, the child's I.E.P. or A.P. placement was appropriate
- d. The special education services, supplementary aids and services, and behavior intervention strategies were provided in compliance with the child's I.E.P. or A.P.
- e. The child's disability did not impair his/her ability to understand the impact and consequences of the behavior subject to disciplinary action; And,
2. The child's disability did not impair his/her ability to control the behavior subject to disciplinary action.

If the I.E.P. or A.P. team determines that the child cannot be suspended out-of-school or a disciplinary removal implemented as discipline for the behavior it may still consider whether a change of program and/or placement is appropriate for the child for non-disciplinary reasons.

School district personnel will provide the child's special education and disciplinary records for consideration to the person(s) making the final decision about the disciplinary action to be imposed.

Continuing Educational Services

The school district will provide appropriate educational and/or related services during long-term out-of-school suspensions to a child with a disability, under the IDEA, whether or not the child's behavior is a manifestation of his/her disability.

The school district will provide appropriate educational and/or related Services during long-term out-of-school suspensions to a child with a disability, under the term of out-of-school suspensions to a child with a disability, under the IDEA, whether or not the child's behavior is a manifestation of his/her disability.

The school district will provide appropriate educational and/or related services during long-term out-of- school suspensions to a child who is a qualified individual with a disability under Section 504, if the child's behavior is a manifestation of his/her disability.

The child's I.E.P. or A.P. team will determine an appropriate educational program and placement for the child. Otherwise, educational services during the out-of-school suspension term shall be governed by the school district's policy and procedures for out-of- school suspension of children with disabilities.

Stay Put

If a child's parent disagrees with the I.E.P. or A.P. placement team's determination that the child's behavior was not a manifestation of his/her disability or with any decision regarding placement, the parent may request a due process hearing. The school district will arrange for an expedited hearing if the parent requests one. In reviewing the team's manifestation determination, the hearing officer will decide whether the school district has demonstrated that the child's behavior was not a manifestation of his/her disability in compliance with the standards set out in Section 6 of this policy.

When a parent requests a due process hearing regarding:

- (A) the school district's action imposing a disciplinary removal to an interim alternative educational setting for up to 45 calendar days for a drug or weapon offense
- (B) an interim alternative education setting imposed by a hearing officer; or
- (C) the teams' manifestation determination.

The child will remain in the interim alternative setting pending the hearing officer's decision or until the expiration of the time period identified for that placement (up to 45 calendar days), whichever occurs first, unless the parent and the school district agree otherwise.

If a child is placed by the school district in an interim alternative educational setting for a drug or weapon offense or imposed by a hearing officer and school district personnel, propose to change the child's placement after expiration of the placement, during the pendency of any proceeding to challenge the proposed change in placement, the child will remain in the current placement, unless the following exemption applies.

If school district personnel maintain that it is dangerous for the child to be in current placement during the pendency of the due process proceedings, the school district may request an expedited hearing. In determining whether the hearing officer may place the child in the alternative setting or in another appropriate placement the hearing officer will use the standard identified in section 9 of this policy.

Emergency Disciplinary Removal

The school district may request a due process hearing to obtain an emergency order placing a child with a disability in an interim alternative educational setting for no more than 45 calendar days. To enter such an order, the hearing officer must determine that the school district has demonstrated by substantial evidence that maintaining the child's current placement is substantially likely to result in an injury to the child or others, and will also;

- (A) consider the appropriateness of the child's current placement
- (B) consider whether the school district has made reasonable efforts to minimize the risk of harm in the child's current placement, including the use of supplementary aids and service
- (C) determine that the interim alternative educational setting meets the standards identified in Section 4 of this policy.

Racial/Ethnic Incidents

Using inappropriate racial or ethnic terms, signs, or signals, determined by the school, will be considered as such and will be dealt with in a disciplinary action.

Records and Reports

The principal will keep written records of each out-of-school suspension. The principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the plan.

Short-Term Out-of-School Suspensions

The Board of Education recognizes that student out-of-school suspensions of ten or fewer school days (referred to as short-term) involve less stigma and require less formal due process procedures than are required for out-of-school suspensions greater than ten days. Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved for the district's discretion.

Right of Appeal

A student who has been suspended out-of-school for a period of ten or fewer school days is entitled to all pre-appeal rights presently accorded by school district policy to students who have been suspended for a period of greater than ten school days. A student who has been given a short-term out-of-school suspension and that student's parents have the right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting the appeal.

Method of Appeal to a Committee

An appeal can be presented by completing and returning an appeal request form (available in the superintendent's office) to the superintendent within two school days after receiving the out-of-school suspension decision of the principal.

If a completed appeal request form is not received within two school days after the principal's decision is received by

the parent or student, the principal's out-of-school suspension decision will be final.

Upon receipt of the request, the superintendent shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized.

Hearing the Appeal

The Superintendent of Schools shall appoint a review committee consisting of not less than three school district employees who shall be certified administrators, counselors, and/or teachers, and shall designate a chairperson for the committee who was not a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.

The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours Monday through Friday.

The Superintendent of Schools shall schedule the committees hearing as soon as possible during regular school hours Monday-Friday. Reasonable consideration will be given to accommodate the work schedule of the parent or guardian whenever possible.

The student and his/her parent or guardian will be notified in writing of the date, time, and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the hearing shall give the other party twenty-four hours advance notice of that decision. The failure to give such notice shall preclude the party's right to have counsel attend the hearing.

The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The principal will briefly outline the student's conduct, read the policy, rule or regulation that the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.

At the conclusion of the presentation of evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall affirm or revoke the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal, and the Superintendent of Schools.

The decision of the committee shall be final and nonappealable.

Short-Term Out-of-School Suspension Or Disciplinary Removal

The school district may suspend out-of-school or implement a disciplinary removal of a child with a disability for a period of ten consecutive school days or less for any conduct that would warrant out-of-school suspension or disciplinary removal for a child without a disability.

The school district will follow its policy and procedures for the out-of-school suspension of children without disabilities in conjunction with the short-term out-of-school suspension of children with disabilities. The school district will notify the child's parents of the disciplinary action and all applicable procedural safeguards under state and federal law, and school district policy as soon as possible after the decision to take disciplinary action is taken.

Student Suspension

The judicial extension of the Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of the school district must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students.

The term out of school refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and all other offenses. Alternative placement, detention, and similar disciplinary options or correctional measures are not considered by law to be out-of-school suspensions and do not require or involve the due process procedures set forth herein.

Any student subjected to an out-of-school suspension may also be referred to the First Offenders Program of the McIntosh County Juvenile Services unit, or other counseling program.
