

POLICY # 0.1
SCHOOL MISSION

Our mission is to provide a positive environment that will enable all students to become lifelong learners and responsible, contributing citizens in an ever-changing global society. Students will:

- Exhibit critical thinking, decision-making and problem-solving skills
- Development of communication, computational, and scientific skills commensurate with individual potential
- Exhibit knowledge of 'how to learn' as a life-long skill
- Exhibit a positive self-concept by valuing self and others.
